This cannot be signed by anyone in OCSPP. We are not authorized to sign an FRN announcing the availability of an ORD document. The document itself says that it is an ORD document. It was set up for the Administrator's signature because no one in ORD identified an ORD official to sign it. If ORD now wants to sign it, they should confirm that who has the authority to sign it. They have the latest Word version that I provided to OP and should make the changes and send it to whoever needs to sign it. OP would have coordinated getting the Administrator's signature.

ORD still needs to work through OP to get it submitted for publication. We do not have the authority to do that.

So ORD is completely disowning the document now? **Ex. 6 Personal Privacy (PP)** I need to quickly look for a delegation of authority to confirm that in fact the document can be signed within OCSPP.

Jennifer is out of pocket for the next few hours. Given what has transpired this should more appropriately be signed by OCSPP. As the authors are no longer listed in the document, also recommend deleting the sentence from the FRN indicating that the assessment was developed by CPHEA in EPA's ORD.

Amparo & Mary,
Attached is the final version of the FR document.

Docket status - I worked with Amparo to set up the ORD docket (thank you Amparo – the attached FRN has the information you need to finish that entry). As a reminder, someone from ORD needs to provide the final tox assessment and work with Amparo to get it loaded to that docket. The FR document gets added to the docket when it publishes.

Signature – This email hands off the attached FR document to Mary Manibusan for OP processing.

Let me know if there are any questions with what I did.

Hi Mary et al,

Although there is no dedicated ORD docket per se, there is a specific docket manager that is assigned to ORD, who manages the docket process for ORD materials. The list of docket managers is here <https://intranet.epa.gov/fdmsinfo/contact.html#docketmanagers>, and it looks like we share the same docket manager - here is the docket manager for ORD. Never the less, we have different procedures (e.g., required CBI reviews, forms, etc), so that manager will instruct you on what ORD needs to do – which isn't likely to be the same as what we require for our materials.

<image001.jpg>

I registered the document in the OP system (FR Dailies) used for FRLs and to submit to OP for publication processing. Here is the FRL number to use on the document: **10020-01-ORD**.

I called OP, and here is the person you need to work with to get the FR signed and submitted: **Mary Manibusan**. (Caryn Muellerleile is the desk officer).

So, with that provided, I think it is also important to point out that it may be too late for this document. OP will confirm whether this is something they can get signed & processed.

Mary could you please address the docket # issue and verify the contact person and information.

We need this basic info first thing in the morning.

I could not access the share drive version. Not sure if it makes a difference regarding which one I edited.

Subject: RE: Drafting a FR for ORD - A first draft simple NOA
Importance: High

Here is a first draft using only the mark-up I received from you last Friday, and an old ORD notice Peter found on the web.

We assumed this is a simple announcement of the final tox assessment, so we kept the FR document very short and pulled language directly out of that mark-

up. ORD will need to add the following:

- ORD Docket ID #.
- ORD FRL #.
- For Further Information
Contact Info: As a comment, we included the POCs that were in the NOA that Peter found. Otherwise we just provide a template for one contact.

It is set for the Administrator's electronic signature.

Attaching as a shared file and as an attachment.

Hope this helps. Let us know if there are other questions we can help with.

Subject: Drafting a FR for ORD

As noted, OCSPP has a lot of Notice Drafting experience. We are quite swamped but Angela and Peter are ready to assist Lou. Thanks for helping.
